**Important Reminder: PNG used vehicle inspection NCR**

Vehicles inspected by JEVIC for the Papua New Guinea Road Traffic Authority (RTA) pre-export appraisal that are issued with a Non-conformity Report (NCR) are not eligible for registration with the RTA.

The reasons for an NCR are;

The RTA are advising Exporters not to ship vehicles with an NCR unless in possession of a valid RTA Exemption Permit.

- Only vehicles with an NCR for Exceeding the Age Limit are eligible for an Exemption Permit, and this is at the discretion of the RTA.
- **IMPORTANT:** An Exemption Permit must be approved prior to the vehicle being shipped.

Sincere regards
